Postdoc Opportunities at TUM

TUM Talent Factory Services

The TUM Talent Factory supports TUM scientists and international postdoctoral fellows who want to conduct research at TUM:

- Help to identify suitable funding programs
- Proposal feedback
- Events & workshops for postdocs

Writing Camp for Marie Curie Individual Fellowship (MSCA) applicants

- 3-day proposal writing workshop for applicants
- Travel grants for applicants from abroad
- One-to-one feedback from professional trainers
- Networking with successful applicants

Postdoc Mailing List:

- Information about calls for external researchers

How to join TUM as a Postdoc

Apply for open positions

- Website www.tum.de/en/about-tum/working-at-tum
- Brochure with current open positions at TUM

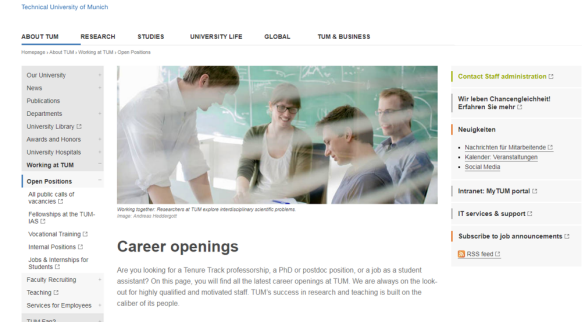

Apply for your own funding

Based on individual agreement with a host professor

- Step 1: Contact TUM professors:
www.professoren.tum.de/en
- Step 2: Application at a funding organization

Apply for TUM-internal funding

- Research Opportunities Week & TUM University Foundation Fellowship
- EuroTech Postdoc2 Programme

TUM Research Opportunities Week

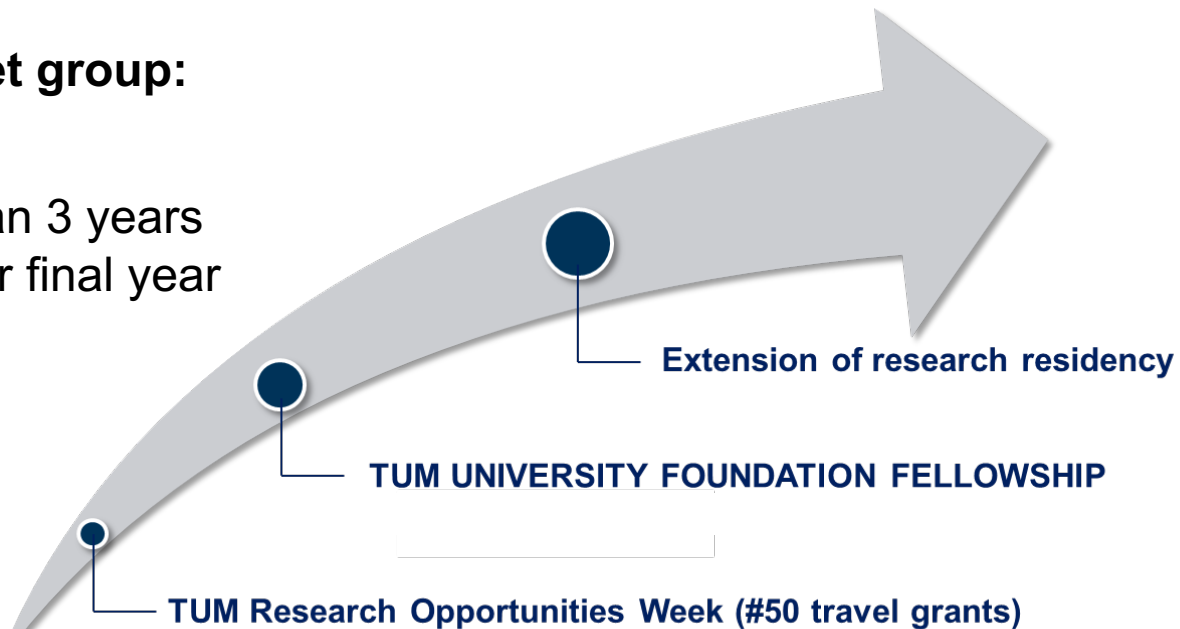

- Get to know the research environment at TUM
- Meet professors from your field of research
- Receive information about funding opportunities for postdocs in Germany
- Network with other young researchers from all over the world

Application criteria and target group:

- Application from abroad
- PhD obtained no longer than 3 years ago & PhD students in their final year

Important facts & dates:

- 50 researchers get invited
- ROW 2021: ~October
- Application early in 2020

More information: www.tum.de/postdoc

TUM University Foundation Fellowship

- Exclusively for participants of the Research Opportunities Week
- Up to 15 fellowships per Research Opportunities Week
- Funding similar to the Humboldt Fellowship for one year
- Flexible starting date within the next 12 months
- Apply for further funding during the fellowship year to extend your stay with support of the TUM Talent Factory

Support Program for TUFFellows:

- Support by the TUM Welcome Office before the stay
- Individual consultation (funding opportunities, proposal feedback)
- Proposal writing workshops
- Mentoring programs

So far, **131 fellowships** have been awarded.

2/3 of the fellows stayed at TUM after the fellowship year.

Overview of current fellows:

<http://go.tum.de/380370>

EuroTechPostdoc2 Programme

70 fellowships for 2-year positions for Postdocs at the EuroTech Universities

Four universities can act as **hosts**:

- Technical University of Denmark (DTU)
- École Polytechnique (L'X)
- Eindhoven University of Technology
- Technical University of Munich (TUM)

All six partners can act as **co-hosts**:

- DTU, L'X, TU/e, TUM
- École Polytechnique Fédérale de Lausanne
- Technion Israel Institute of Technology

Requirements:

- PhD or have 4 years of full-time research experience
- Mobility rule: Less than 12 out of the last 36 months spend in the country of the host university
- research proposal
- support of host and co-host

Apply between Nov. 2020 and Feb. 2021
